

THE LAKELAND CHALLENGE

On the 7th and 8th May 2010

a 'band of brothers' from all walks of life
are taking on the 'Lakeland 3000 Footer Challenge'

We will be climbing four 3000 foot peaks in two days. The reason for this arduous activity is to try and raise much needed funds to support those orthopaedic surgeons who give of their time, expertise and finances to orthopaedic endeavour abroad.

Please give generously to enable World Orthopaedic Concern (UK) continue its efforts to support orthopaedic projects in countries of the less developed world such as Ethiopia, Malawi and Zambia.

The charity relies totally on support from the general public, fellow professionals and the industry to survive so please sponsor us now!!

We can make a difference.

Cheques should be made payable to: World Orthopaedic Concern (UK)
and posted to: Mr Andrew Quaile, 'Lakeland Challenge', SpineWorks,
BMI The Hampshire Clinic, Basing Rd, Old Basing,
Basingstoke RG24 7AL.

Thank You
